Dear Valued Customers,

To ensure the sustainable quality of our services, it has become necessary to implement adjustment to the freight rates for your shipments from Türkiye to the East Coast Ports of the United States.

Accordingly, effective as of March 6, 2026, a freight rate increase of USD 200 per TEU will be applied across all equipment types.

Should you require further clarification or wish to discuss the details of this change, please contact your sales representative.

We sincerely appreciate your cooperation and understanding.
