

Dear Valued Customer,

Due to rapid increase in global oil prices, our fuel costs have risen significantly far exceeding the projected levels covered by our current BUNKER ADJUSTMENT FACTOR (BAF).

To keep high standard of our services, ARKAS LINE is forced to apply for EMERGENCY BUNKER SURCHARGE (EBS) as of 16/03/2026 until further notice as per following tariff;

TRADE	REGION	TARIFF	
Export/Import	Red Sea & Indian Subcontinent	\$65/TEU	€ 55/TEU
Export/Import	West Africa & Morocco	\$200/TEU	€ 175/TEU
Export/Import	Intra Mediterranean & North Africa & Black Sea	\$30/TEU	€ 25/TEU

This surcharge will be applied on top of existing applicable ocean seafreight rates is subject to all other ancillary charges.

We appreciate your understanding that this measure is necessary to cover the increased operational costs.
