

October 2024 Bunker Adjustment Factor (BAF) Rates

Dear Customers,

You can find effective BAF surcharge levels for October 2024 in the following.

Depending on the BAF methodology, August 2024 is considered on the calculation for all following regions. All corridors related to Mediterranean-West Africa –USA trade regions will be based on the average VLSFO price of Rotterdam and Algeciras. For all Intra-Mediterranean and Black Sea corridors, we will continue to consider Piraeus and Istanbul average VLSFO prices. Antwerp/Rotterdam average VLSFO prices will proceed to take part as usual in the calculation of all North Europe corridors.

Regions	Reference Ports	August 2024 Ave VLSFO/ton
WAF & USEC	Average of Rotterdam and Algeciras	\$559
MED	Average of Istanbul and Piraeus	\$640
NEUR	Average of Rotterdam and Antwerp	\$541

For identifying the trade corridors in respective countries, we have included the below chart for your easy reference. An addendum that shows the port and country information with regional details was also included on the last page.
